Your Investment

Fee: \$1,395, inclusive of your lifetime licensing fee and all materials. Quality and satisfaction are guaranteed.

Included in your investment are:

- EQ-i 2.0 self-assessment, followed by a confidential coaching session with Korrel or Sherry, our lead trainers. Korrel Kanoy and Sherry Rowgowski have coached over 1000 adults in their 25 years working with the EQ-i products.
- Electronic copies of PowerPoints, coaching guidelines, sample EI development exercises, and more! These materials are developed by Korrel and Sherry, and will help get you started (with less upfront time on your part) with your coaching and training work.
- 1 hour of free consultation with Korrel or Sherry after you complete certification.
- Two days of a small group workshop led by Korrel or Sherry. Size is limited to ensure your questions are answered and you get plenty of coaching practice time.
- Access to Marketing Materials and Research Papers through the MHS Portal.
- Access to an EQ-i Users Group.
- EQ-i 2.0 & 360 User's Manual and Certification Participant Guide.

Common questions:

Why is the fee lower than other vendors?

Am I getting the same experience?

Our fee is lower than other vendors because we value affordable training. Our trainers spent the majority of their careers working in a 501c3 (Korrel) and public education (Sherry) so we know your training budget can be limited.

Top Reasons to Certify with Developmental Associates

- 1 100% passing rate on the certification exam on the first try!
- 2 You get the same certification experience for a much lower cost (\$1,395) than with other vendors.
- 3 Highly interactive training with lots of practice time interpreting and coaching using the EQ-i 2.0 and 360.
- 4 Excellent ratings from participants! We are happy to provide references.
- 5 Korrel has been designated a Master Trainer by MHS, and Developmental Associates won the MHS Partnership Award.
- 6 Sherry, our co-leader, spent 25 years in public education and led training sessions to help teachers and administrators improve their emotional intelligence.
- 7 We are practitioners, not just trainers. We use the EQ-i tools daily in our consulting business to help select star performers, create higher functioning teams, and develop existing employees.
- 8 Small group sizes (8-10) ensure you get your questions answered and that you build a professional network with other EQ-i users.
